Home game ticket allocation – the SRU story.

The SRU introduced a new policy for this season which bases our allocation on the aggregate number of tickets purchased for the Scotland V Wales/Ireland matches last season. They also removed the restriction on how many or what category of 6 Nations tickets the Club could buy (within our allocation) and this is also now based on our Wales/Ireland purchases. This means that they are able to provide a fairer distribution of tickets for home games. Better locations are promised!

Our ticket allocation for the England game is only 45 and therefore requested numbers may not be met in full. Our allocation for the French game is also 45. However the SRU are encouraging us to sell as many tickets as we can for the France match. (no public 'draw' for this game!). This will help the Club and may enhance our prospects of an increased allocation for the England game next time round.

To get the pick of the 'best' seats within the price category it is to our advantage and necessary to submit our application to the SRU ASAP. This is also fair to the people who submit their application early.

Closing date for applications, with remittance, will also be Saturday 13th October '07 (5.0 pm)
